

## **PRESS RELEASE GREENTECH FESTIVAL 2022**

### **GREENTECH FESTIVAL comes to Asia**

**Berlin, Juni 2022.** After the successful and record breaking GREENTECH FESTIVAL (GTF) - Europe's largest event for green technologies and sustainable lifestyle - in Berlin from June 22-24, 2022 at the former TXL Airport with more than 200 exhibitors and over 13,000 visitors the founders of the GTF announced to hold the first edition of GREENTECH FESTIVAL in Singapore this year from November 17-18, 2022 at the Gardens by the Bay Singapore.

Nico Rosberg - co-founder of the GTF said "I am very excited to move to Singapore. It's a very memorable destination of my F1 career and I won the price of Singapore. Now it's time for us to support Singapore and celebrate change for this metropolis in Asia. The GREENTECH FESTIVAL is fully committed to show the best innovations and technologies as well as bringing some of our partners like Audi, Lufthansa or Siemens to Singapore."

Marco Voigt - co-founder of the GTF is equally excited to bring the show to Singapore and mentioned that Singapore has proven to be the best destination for Green Technologies and Sustainable businesses ideas in Asia. Singapores water treatment technologies are already world leading technologies and many new projects in Singapore such as the Gardens by the Bay that fully self sufficient can show us how we can preserve the planet by supporting new technologies and innovations. "Our Singapore edition will focus on sustainable city planning and green building technologies. This area is were we feel Singapore is already pathing the way for the Asian nations. The GTF team is fully committed to bring the show to Singapore and establish and equally important show in Asia. GTF shows a long-term committment in each region of the world. With our editions in Berlin, New York City and London we feel Singapore is very important to mark on the map for GTF", added Voigt.

The GREENTECH FESTIVAL in Singapore will host the renowned GTF AWARDS on November 17 followed by a high level C-suite conference on November 18 at Gardens by the Bay to discuss the lastest issues and trends for sustainable building & city planning followed by workshops within the town of Singapore. The organisers expect more than 40 high level speakers as well as 1500 paid delegates at Gardens by the Bay.

GTF CEO Mrs Judith Kuehn provides a litte more information "We are very happy to bring GTF to Singapore and we want not only bringing our event to Singapore but most important learn from Singapore and Asia what is needed in the market. Together with the Singapore Tourism Board, which has been a great support so far

and visited us in Berlin, we are also coming to Singapore to learn from the region and create something new. Our GTF AWARDS are a very prestigious award for the industry and we are proud to present some awards in Singapore. On the 2nd day we are going to prepare some very interesting topics around the core of Green Technologies such as Green Business, Sustainable Lifestyle, Green Building Technologies & City Planning. The programme will include plenty of networking opportunities and some workshops. At the same time we warmly invite students to the festival to explore the products and new businesses. We are very happy to be supported by our local event partner Expos Asia and its founder Bjoern Kempe who is also living in Berlin and his long term partners Rosalind Ng and Daniel Chua. GTF feels the strong support from our partners and sponsors so many of the existing partners have decided right away to follow us to Singapore."

Mr Chi Chuan Poh, Executive Director, Exhibitions & Conferences, Experience Development Group of Singapore Tourism board added "Singapore is welcoming the GREENTECH FESTIVAL from Berlin. The festival comes at the perfect time for the country. The bridge Berlin - Singapore will provide us with many opportunities that we don't have elsewhere in the world. The Singapore Tourism Board is proud to support the festival and wishes a long-term partnership for the country and the region.

Mark the date: November 17-18, 2022

### **About**

*The GREENTECH FESTIVAL (GTF) by founders Sven Krüger, Nico Rosberg and Marco Voigt is the largest sustainability festival in Europe with the GTF EXHIBITION, GTF CONFERENCE and GREEN AWARDS: More than 200 exhibitors in the exhibition, a variety of panels and keynotes at the conference and, as a highlight, the awards, which honor the most progressive projects worldwide in an exclusive evening event.*

*Now is the time: We must radically reinterpret the way we live and do business. Now. This is the only way we can enable a future for people and the environment on this planet. Together for transformative change: during the GREENTECH FESTIVAL in Berlin, everyone who wants to make a difference came together. From June 22-24, 2022, the GTF became a venue for innovation, inspiration and ideas, creating a place where green technologies are presented, discussed and awarded - to show what it means to act in a more resource-efficient way, to strive for a better future and to live up to our ethical obligations. From now on, this will happen in more places throughout the year. The GREENTECH FESTIVAL kicked off its world tour last November in London and will take place in New York, London and Singapore in 2022. Let's celebrate change all over the planet - because this planet needs change.*
